Anti-Bullying Campaign Notice

Sticks and Stones - Patricia Kennedy

Sticks and Stones Anti-bullying Programme helps children, teachers, and parents to acknowledge, challenge and prevent bullying by providing anti-bullying drama workshops for primary and post-primary school pupils, and youth groups; talks for parent's groups; and education, advice and support for teachers and other stakeholders engaged in promoting tolerance and social inclusion in society.

Humorfit drama presentation - Michael O'Sullivan

This drama presentation is suitable for second level schools to highlight the nature and unacceptability of bullying behaviour and to foster empathy and win support of peers for the bullied child.
