Break Through the Cloud of Bullying

Positive Programme for Younger Children Aged 4 - 7 Years

Anti-Bullying Campaign Notice

Given the literacy issues among very small children, our "3 Themes for Younger Children" section consists, for the most part, of small children's video clips with prepared questions that teachers can ask the children after they watch the videos. For these 4 - 7 year olds the focus is on *friendship, kindness and respect.*

Just click on Primary Level, then on "3 Themes for Younger Children - Friendship, Kindness & Respect."
