

ANTI-BULLYING CAMPAIGN
Break Through the Cloud of Bullying

Lions Clubs Initiative - Information on Dealing with Bullying for Parents

July 15, 2019

Anti-Bullying

Lions Clubs Ireland has sponsored the rolling out of an anti-bullying initiative for parents and guardians of school-children, with particular emphasis on cyber-bullying. With the advent of modern technology this has become a major problem among primary and post-primary pupils in recent years. This initiative has been carried out in collaboration with the Anti-Bullying Campaign.

Lions Clubs Ireland has prepared an information leaflet for parents and guardians entitled '**Do You Know if Your Child is Being Bullied,**' which sets out clear steps to take if they suspect their child is being bullied. Over 150,000 of these leaflets have been distributed in Ireland to date, via schools. To see this leaflet [Click Here](#)

Lions Club members are prepared to help school managements deal with this serious issue and may, in addition, be able to offer support to schools on other issues.
